

the CHRISTMAS WIZARDs

The four wizards in festive garb **replace** the usual wizard cards in your **Wizard** deck. Obviously, they are particularly suited for play during the holiday season. The rules remain the same.

Christmas Variant „Eight Wizards“

Shuffle the Christmas wizards into the deck. Thus, the game is played with the four wizards from the standard deck as well as the four new Christmas wizards.

If you're playing **Wizard** between Thanksgiving and Christmas, the Christmas wizards are stronger than the regular wizards, so they always beat them to any trick. For the regular wizards, the rule that the first wizard in every trick wins it remains in place. However, for the Christmas wizards, it is the other way round: The last Christmas wizard to be played in each trick wins it.

Have fun, merry Christmas and Ho Ho Ho!

Note: Of course, you are allowed to play this variant when it's not Christmastime, too.
